***Mechanics (Greek: ... Aristotle's theories were criticized and modified by a number of figures, beginning with John Philoponus in the 6th century. A central problem was that of projectile motion, which was discussed by Hipparchus and Philoponus. Persian Islamic polymath Ibn S?n ? published his theory of motion in The Book of Healing (1020). He said that an impetus is imparted to a projectile ...***

***This edition uses a pleasant blue theme in comparison to the reddish-pink of the fifth edition. It has a cleaner look overall, and I think the changes in title/heading color are a definite improvement for on-screen reading. There are a few places where figures include small areas of white-on-lime-green text that I have to zoom in on to read, but generally the changes are improvements.***
