Meddling Kids is a 2017 horror-comedy novel by Catalan author Edgar Cantero, published by Doubleday and Blumhouse Books. It deals with a former gang of children detectives, in the vein of Enid Blyton's Famous Five or Scooby-Doo who reunite in their mid-twenties to reopen a case that traumatized them as kids and expose a plot of Lovecraftian horror

Meddling Kids is poignant because it realizes the horror of the adult perspective. Cantero clearly loves the source material as well. Meddling Kids is as much a love letter to Where the Red Fern Grows as it is to Scooby-Doo. Cantero's enthusiasm for adventure is infectious, filling the book with plenty of campy, spooky fun; but, he's also captured the feeling of summer camp, the melodrama of teenage yearning, and the razor-sharp danger of innocent youthful recklessness ...

“ Meddling Kids is an utterly charming paean to a squad of animated teen detectives who fought down the crime wave of early-70's America. Amidst the homages and playfulness, it then transforms into a rip-roaring page turner. Throughout, Cantero plays with form and language in ways that are both mischievous and delightful.

[Review: Meddling Kids by Edgar Cantero - Here's the ...](#)

Meddling Kids is a mystery and action filled romp with a Lovecraftian twist to things, soundly tempered with comedy. There are epic fight scenes, run for your lives scenes, dramatic hero scenes, and at least one moment of “We’re screwed!” The story propels itself along relentlessly. But it’s also a book about taking control of your life. About stepping out of the role you were slotted into. And, of course, about not being afraid to take charge and kick arse if it needs kicking.

“Meddling Kids is an utterly charming paean to a squad of animated teen detectives who fought down the crime wave of early-70's America. Amidst the homages and playfulness, it then transforms into a rip-roaring page turner. Throughout, Cantero plays with form and language in ways that are both mischievous and delightful. This would be impressive enough coming from a native of the country, decade, and language that the book operates in. As Cantero is none of the above, it's flat-out masterful.”

Danke! Dass es keine 1:1-Entsprechung zu meddling gibt, halte ich auch für wahrscheinlich, aber vielleicht zu meddling kids? Ich habe mir inzwischen busybody angeschaut, aber Wichtigster und Geschäftlhuber beschreiben eher jemand, der auf seine Einmischung stolz ist; das trifft hier nicht zu. Und Topfgucker ist für mich zu zahlos – meddling ist lästiger.
